Senior Web Developer | WordPress Expert | JavaScript & PHP Specialist

Full-stack developer with 10+ years of experience building high-performance, scalable, SEO-optimized websites using WordPress, PHP, JavaScript, React, and Node.js. Proven success in improving conversion rates, increasing site speed, and delivering robust, accessible digital experiences. Adept at collaborating cross-functionally with designers, marketers, and backend teams.

Core Competencies

- **Front-End Development:** HTML5, CSS3, JavaScript (ES6+), React, SASS, Bootstrap, Tailwind CSS
 - **Back-End Development:** PHP, WordPress (custom themes & plugins), ACF, Timber, REST APIs, MySQL
 - **Tools & Platforms:** Git, Docker, CI/CD, NPM, Gulp, Composer, Webpack, Figma, Adobe XD, Photoshop, Illustrator
 - **Best Practices:** SEO, A/B testing, performance optimization, accessibility (WCAG), mobile-first design
-

Professional Experience

Web Developer

Optimoroute – Remote | Aug 2023–Present

- Increased international lead generation by 32% after launching multilingual support with TranslatePress and custom-built ChatGPT AI translation plugin.
- Reduced manual content localization effort by over 70% by automating Zendesk Help Center translations via REST API.
- Cut page load time by 45% by implementing lazy loading, asset minification, and refactoring legacy code.
- Built reusable Gutenberg blocks that cut development time for marketing pages by 50%.
- Spearheaded A/B testing strategies that improved CTA conversion rates by 18%.

WordPress Developer

Endava – Remote | Jun 2021–Aug 2023

- Launched a high-traffic multilingual site for Napster, increasing time on site by 22% and reducing bounce rate by 15%.
- Developed fully custom WordPress themes and ACF-powered components for dynamic content management.
- Translated complex Figma designs into pixel-perfect, responsive layouts with 100% design fidelity.
- Maintained 99.9% uptime and fast deployment cycles using Git, agile workflows, and performance monitoring.

Front-End Developer

DRAP Agency – Zagreb | Aug 2019–Jun 2021

- Developed responsive UI for ecommerce and marketing clients, reducing support tickets by 25%.
- Delivered clean, accessible code using Bootstrap, JS, and custom WordPress themes.
- Ensured 100% cross-browser/device compatibility and led QA process for launches.
- Improved page performance scores by 30+ points through CSS/JS optimization.

Web Designer

Alma Media. – Zagreb | May 2016–Aug 2019

- Led redesigns for multiple corporate and educational platforms, resulting in 20% improvement in user engagement.
- Managed end-to-end design and development from concept to deployment using HTML, CSS, JS, and Adobe tools.
- Delivered consistent branding across digital assets including banners, newsletters, and landing pages.

Freelance Web Developer / Designer

Remote | Jan 2013–Present

- Designed, developed, and maintained 50+ WordPress websites with focus on performance, UX, and SEO.
- Built custom plugins and themes for clients in solar, ecommerce, tech, and education sectors.
- Delivered branding and visual identity systems, increasing client brand recognition and trust.
- Managed hosting, DNS, cPanel, email configuration, and security updates for long-term clients.

Education

M.A. in Computer Science

University of Zagreb – Faculty of Information & Communication Sciences | 2012
